National Project Excellence Awards

Bringing Public Sector Clients, Contractors and Consultants together

Following the resounding success of the Social Value Awards 2023, we are thrilled to unveil the prestigious National Project Excellence Awards 2024. Celebrating the innovation, commitment, and exceptional performance in the field of project management and execution.

This prestigious awards ceremony distinguishes the most outstanding projects and professionals who have set new benchmarks in the industry via the Procure Partnerships Framework. The awards recognise a variety of categories, encompassing diverse areas of expertise and geographical regions. Categories like Demolition, Construction, Decarbonisation, and Infrastructure Project of the Year focus on projects that have excelled in key performance indicators, overcame significant challenges, and demonstrated remarkable social value benefits.

These categories, evaluated through the meticulous Compliance Chain software, highlight projects that are not just successful in execution but also beneficial to the community and environment.

The awards extend beyond project-specific accolades, embracing wider industry excellence. The Collaborative Working Group of the Year celebrates teams that have shown exceptional teamwork and commitment to social value outcomes, while the Social Value Initiative of the Year rewards innovative and legacy-creating initiatives in project areas.

Attendees can expect an afternoon of recognition, networking, and inspiration, celebrating those who are driving the industry forward through their exceptional work and innovative practices.

Location: The Grand Hotel Birmingham, Colmore Row, B3 2BS

Time: 12:00 - 17:30. Post awards drinks will be held at The Alchemist Birmingham, Colmore Row from 6pm onwards.

Date: 19th September 2024

Main point of contact: stephanie@procurepartnerships.co.uk

Previous Sponsor Comments

Stepnell

Sponsoring these awards provided a great opportunity to deepen our relationships with key industry partners and also, most importantly, to celebrate the fantastic achievements of our peers who, through the delivery of outstanding construction projects, are delivering real positive change in the heart of their local communities.
